

Recommendation Letter

To whom it may concern,

Maryam Alzahrani has been an integral contributor to our operation. In the short time she was with us she has quickly grasped the operation and started to engage on ideas and provide insights. She has also worked on a major task developing an overview presentation that to this day is being used and presented to senior management. Her advanced analytical, communication and technical skills have been clearly demonstrated in all the tasks assigned to her. In addition, Maryam's adaptability to new environment has really been unique. During her time I felt she asserted herself as being a full-time employee with her dedication, effort and teamwork.
